Jiramet Kawee

**English Department,
Chiang Mai University**

Preface

I have always been passionate about learning and using English, as it is a global language that opens many opportunities in communication, education, and career. Studying in the Humanities faculty, majoring in English, will help me improve my language skills while gaining deeper knowledge of cultural and historical contexts. I believe this program will provide a strong foundation for my future endeavors in global communication and professional growth.

Sincerely,

**Jiramet Kawee
Producer**
